

GENESIS - 01 - LOVE

In the beginning **God** **created** **the heavens** **and** **the earth.**
TIME **INTELLIGENCE** **ENERGY** **SPACE** **MATTER**
 These are the 5 elements needed to accomplish a scientific experiment, all in one verse.
TIME = Past, Present, Future; SPACE = Length, Width, Height; MATTER = Solid, Liquid, Gas

GENESIS TIME LINE

Genesis 0:0; Before God put the plan into action, before Gen.1:1; God planned it all out. Everything in creation was preplanned, evolutionary theory is trial and error, evolve into something better. God created everything good and right the first time. When the Godhead was designing man in His image He knew what it would take to save us from our sins, it would take Christ dying on the cross. The cross was preplanned as Paul says in Eph.1:4; All brought about so we could all spend eternity in His presence. 1Tim.2:4; May these notes be a small help in you accomplishing the greatest work you'll ever endeavor to do. Php.2:12;

GOD'S LOVE – Gen.1:1-25;

God created a home for us to live in, Heb.3:4
First three days, God is creating the habitats to be lived in.

Day One – 3 things – Heavens (empty space), Earth, Light – God was the source.

3 heavens – physical creation, hades, God's dwelling 3rd heaven 2Cor.12:2; Rev.4,5,
Then God separated the darkness from the light by making the world spin.
A day = one revolution of the earth on its axis = 24 hours.
Time: past, present, future. Space: height, width, depth.
Matter: solid, liquid, gas. God: Father, Son, Holy Spirit.

Day Two – 3 things – Water Above, Sky, Water Below

Water Above in outer atmosphere in vapor form, 3,000 F.
This creates a greenhouse effect, constant temperature, whole world had
a tropical climate. High humidity, no need of precipitation Gen.2:6;
High oxygen levels, water above created an inversion pushing oxygen
to the earth's surface, allowing for gigantism, dinosaurs.
Water below (on earth), the Expanse (sky), in between.

Day Three – 3 things – Dry Land, Seas, Vegetation

Dry Land – continents, with seas (plural) between them.
Vegetation – fully grown, seed and fruit bearing plants and trees,
Which came first, soil or plants? God does both same day, same time.
Created everything with age. Nothing is impossible for the Creator.
Is God a deceiver for making young earth look old? No – He told us He did.

Last three days, God now creates the inhabitants for the habitats.

Day Four – 3 things – Sun, Moon and Stars, to fill the heavens

Sun measures year, Moon measures months. Stars to mark the seasons.
God created the light between the stars and earth, all same day, 24 hours.
What looks to be an old universe, is but a day old, created with age.
Can't believe creation, how will you ever believe the judgement day? 2Pe.3:10;

Day Five – 3 things - Birds, Fish, Sea Monsters (dinosaurs not whales).

These fill the air and waters. Monster means over size.

Day Six – 3 things - Cattle, Creeping Things, Beasts. Fill the dry land.

Then God said "Let us make man in our image." End of day 6, details in Gen.2

Day Seven God rested – quit doing physical and now works on the spiritual, salvation of man.

Our calling today – Heb.4:10; don't focus on physical, get into spiritual Heb.12:22f;

You must accept the supernatural power of God, creator of all, Col.1:15-16; Heb.11:6;
Cannot reason science with scripture, God is calling for you to listen to Him over your faith in science.
Light on Day 1 and the sun of Day 4. This was all done supernaturally and not with evolution.
If you can't accept creation then how can you accept the resurrection and judgement day, even
eternity. Heb.11:1;

GOD'S JOY – Gen.1:26-31;

Now the reason for creation, God created Man, on Day 6.
"THEN" God said - last of all – the reason for the creation, MAN.
Let US make man in OUR image. The Godhead created Their children.
Spirit - Emotions – sensations as God has emotions, anger, jealousy etc.
Mind - Intelligence - the ability to reach correct conclusions and solve problems.
Soul - Imagination – power of creating mental images of what has never been experienced. To think outside the box, look beyond death.
Strength – free will, Love God with all your, heart, soul, mind, strength Mk.12:29-31;

Genesis 2 is a detailed account of the creation of man in Gen.1:26f
God made man from dirt, man's chemical make up couldn't come from ocean.

GOD'S PEACE – Gen.2:1-25;

God created the opportunity for a personal relationship with Him.
God then made a garden in Eden:
Man walked with the Son of God, Gen.3:8; (cannot see God and live)
Man walked with creation, Gen.3:15; to cultivate and keep the garden.
Man walked with woman, Gen.3:23; God fashioned woman from a rib.
Woman created to be a helper, as the HS is our helper Jn.16:7;
As taught in 1Cor.14:34-35; ask questions at home, that way she stimulates the man to greater spiritual awareness, at home.

Adam was created with age, less than a day old, yet with full vocabulary, capable of going forth and multiplying. A scientist would say he appeared to be 30 yrs. old but he was less than 24 hrs. old. Impossible! Not for God, have faith.

GOD'S PATIENCE – Gen.3:1 – Gen.9:17;

God's patience runs out because of man's sin and He uses the flood to stop sinful men from destroying the future for the righteous.

ADAM'S SIN – 1Cor.11:3; 15:22; he watched her, then she handed it to him.
Why doesn't Adam stop her, wanted to see what would happen?
Adam listened to the woman instead of listening to God. Gen.3:17;
First sacrifice for sin provided by God, Gen.3:21; Heb.9:22;

CAIN'S SIN - refused to listen to God, his sacrifice was not of faith it was fabricated, Heb.11:4; by faith Abel... Ro.10:17; faith comes by hearing They knew how to be pleasing to God, Cain refused to obey. Cain's wife was his sister.

SONS OF GOD SIN - Seth's lineage Gen.4:26; married daughters of men = Cain's lineage, because of beauty Gen.6:2; sacrificing spirituality for lust, lost in sin.

God shortens man's life span to 120 yrs. Gen.6:3; If you can't find God within this period of time, you never will. To live longer only allowed men to perfect their sinful ways. God was sorry, possibly because He couldn't perceive how wicked men could become. He knew we would sin but to what depth? Gen.6:6

Nephilim – in man's DNA was ability to be all sizes and shades, Nephilim were tall and pygmies are short. No Nephilim today, men kill creatures larger than themselves, took them out of the gene pool. Giant gene is gone.

Time to start new, Noah found favor and was instructed on what to do. It took 100 yrs to build the ark Gen.5:32; 6:9; 7:6; with his 3 sons and the help of animals, as people today use elephants with block and tackle, why not use dinosaurs? Man had dominion over the animals Gen.1:28; The flood lasted 1 year, so the ark was a floating nursery, babies not full grown, ample room even for dinosaurs. World pop. –1 bil. – 8 souls survived –Gen.18:32;

Results of flood itself. Oceans are the earth's air conditioners and dry land acts as the furnaces. Once the world is entirely under water you have a massive drop in temperature creating polar ice caps ie. ice age. As waters receded the earth became exposed, temperatures went up and glaciers retreated.

Earth under water is what created the mountain systems, from the pounding of the water on the east coast pushed continent to buckle on west coast. Earth was rolling hills till after the flood. All mts show evidence of being under water.

Once water in our outer atmosphere was gone, the green house effect was gone, no more constant temperatures, now we have violent weather patterns, tornados, hurricanes, blizzards, plus the upheaval of mts. leaves us with earthquakes Ro.8:19f God doesn't create disasters, mans SIN caused the flood, leaving us to live in a fallen world full of danger, which once was good Gen.1:31;

Greenhouse gone, so to is high oxygen levels making it impossible for gigantism so when the dinosaurs left the ark, they began to die off as they grew too large for the atmosphere to sustain them. Plant life was lost as well, because ultraviolet radiation and x-rays which used to be reflected away from the earth now reach plants and animals, killing off some plants which some animals were dependent upon, thus eliminating animal life as well. Ie Koala bears need eucalyptus trees.

Some dinosaurs are recorded in the Bible as seen in Job 40:15-24; 41:1-34; Google 'bombardier beetle'. Fire may not be as we understand but could very well be a burning acid, fire breathing dragon. Last sightings of giant sea creatures, dinosaurs, were recorded in 15th century AD. All civilizations on the sea coasts have giant sea creature stories, why? Last longer in oceans. Even in Asia some temples have perfect replica stone carvings of dinosaurs.

The claim the greenhouse model isn't viable only means that science can't understand how God worked it. Doesn't mean it didn't happen, only means they can't understand but there is a lot they don't understand, where did life come from? Law of biogenesis - life comes from life. We know life came from God. In Shem's lineage we note the dropping of the ages in men, Gen.11:10f Shem 600; Shelah 433; Peleg 239; Terah 205; Abraham 175; Moses 120; Change in atmospheric conditions helped shorten our lives as well as animals.

GOD'S KINDNESS – Gen.8:20 – 10:32;

Noah offers a sacrifice from clean animals Gen.7:2;
A soothing aroma = Noah's obedience is pleasing to God.
God promises not to flood world again. Gen.9:20-22;
Gen.9:1-7; man is commanded to be fruitful, multiply, fill the earth.
In establishing the death penalty God establishes gov'ts. Rom.13:4;

NOAH'S SIN Gen.9:20-21; Possible PTSD – from knowing that the rest of mankind died in the flood. Turned to alcohol instead of God for comfort.

HAM'S SIN was to tell his brothers, tearing his dad down in the eyes of his brothers instead of covering up his dad himself, which they did, brother's keeper.
Canaan = trader, one who takes advantage of another for gain, gets cursed.
Like father like son, Canaan the oldest, curse is the result of the known behavior.

SONS OF GOD SIN - by refusing to go forth multiply and fill the earth.
Instead, they build a tower, a city and a name Gen.11:4; 9:1;
They speak one language, nothing they purpose will be impossible. Gen.11:6;
Men today wish to kill God's influence, to control the world by attacking the Bible.

Let US confuse their language (Father Son HS)
Origin of languages which men today cannot explain.
Origin of world religions, all knew of a garden, two people, tempter, flood sacrifice - these stories are consistent in all ancient religions, supports Bible.
Origin of countries – languages and geography established borders.
Origin of human differences, human DNA adjusts for climate and diet.
Ham -Africa – black; Japheth – Europe – white; Shem – Asia – yellow
Origin of human race – we all come from Adam and Eve.
Marriage laws were invoked when DNA was weakened Lev.18
Human DNA continues to weaken, opposite of evolution, to be stronger.

Kindness was not destroying our sinfulness again but to scatter men to protect us from tyrants, allowing us to try and find God on our own. **Ac.17:24-28;**

GOD'S GOODNESS – Gen.11:26 – Gen. 50;

God knows a natural famine is coming, so He raises up a savior to save Egypt and surrounding countries, bringing the glory to God.

TERAH SINS - God called Abraham while in Ur Ac.7:2-4; He tells his Terah and his dad then takes control to go but only gets to Haran where he dies. Gen.11:31;
God calls Abraham a 2nd time from Haran Gen12:1-3;

HARAN SINS - Terah's son, we are not told, Gen.11:28 He died before his father
It seems when a child dies before the father, in the OT, sin was the reason as we see in the following examples. Gen.38:6-10; Lev.10:1-3;

SONS OF GOD SIN by selling their brother Joseph into slavery, Gen.37:18f

One solid piece of evidence for inspiration of the scriptures is how God has communicated to us using lists of genealogies. Adam's points to the coming Messiah and Shem's points to the coming judgement day. Cain's gives sound advice to live your life pleasing to God.

Proverbs 25:2 It is the glory of God to conceal a matter, but the glory of kings is to search out a matter. It is not hard to see these as sentences, but one can only understand them when one views them through the lens of Christ. So, it was impossible for Moses to invent these lists, especially in light of the wisdom and insight that they contain, given to us by God.

Genesis 4:17f		Genesis 5:1f		Genesis 11:10f

Fabrication of teachers makes wild donkeys, God is combating. Man of God must overthrow: gliding away (distractions), playing away (entertainment), flowing from fabrica. (academia)		Man is appointed mortal. The begotten, the praise of God, He that descends, a teacher, shall be sent, to overthrow, giving rest.		The Name, one that releases peace and new life, divides friends. The Branch will slay, those turning from the exalted Father.
